# LIQUITEX® PROFESSIONAL PALETTE KNIVES & PAINTING TOOLS

Liquitex® professional palette knives & painting tools are a perfect match for any artistic application. The complete range of 36 knives encompasses innovative and unique large sizes and shapes in addition to smaller, more traditional knives.

These high quality knives have been crafted with the finest stainless blades that resist all wear and corrosion from any media, including acrylics. In addition, the ergonomically designed handle adds increased comfort and grip to every application.

## 18 INNOVATIVE SHAPES AND SIZES

### SCRAPER PAINTING TOOLS\*

The strong stiff blades are resilient, perfect for scraping, scumbling, scratching, mixing or spreading most all materials. The high cranked handles protect hands and knuckles from contacting the painted surface. These painting knives offer the freedom to explore both additive and subtractive painting in addition to various sculpting techniques.

#### TECHNIQUE:

- » Spreading
- » Sgraffito
- » Dragging
- » Scumbling
- » Linework
- » Incising
- » Scratching
- » Mixing

#### APPLICATION:

- » Wet paint
- » Dry paint
- » Wet gels
- » Dry gels
- » Aggregates
- » Wet plaster
- » Dry plaster

## PAINTING SPATULAS\*

The flexible and blunt rounded-edged extra-long blades are resilient, perfect for mixing and spreading paint, plaster, and various other media. These high quality tools are capable of transporting large amounts of material efficiently to build rich impasto surfaces.

### TECHNIQUE:

- » Spreading
- » Scumbling
- » Smoothing
- » Smudging
- » Mixing
- » Pre-mixing paint
- » Collage
- » Transfers
- » Used to create stroke direction

### APPLICATION:

- » Gesso
- » Paint
- » Modeling Paste & Texture Gels
